

May 6, 1987

LB 288, 787

SENATOR SCHMIT: I see. Then it would not be possible for this Legislature to add any proposal to the bill on Select File except those two that were deleted at this time. Is that right?

SENATOR WARNER: That would be correct.

PRESIDENT: One minute.

SENATOR SCHMIT: Is there any chance that the funds that were supposed to be directed to the agricultural category will be sent to a different category by executive order or any other manner that you can imagine?

SENATOR WARNER: I don't imagine one at the moment. They have to go into the pot for next year. The way the bill that we passed, the procedure bill that was passed, it required any other project than those that had been specifically designated before this to not qualify unless it went through the whole process, so you couldn't substitute, nor could the executive.

SENATOR SCHMIT: Thank you very much.

PRESIDENT: Thank you. May I introduce some guests in the south balcony, please, if I could have your attention focused on them. We have 60 fourth graders and their teacher from the May Morley School in Lincoln which is located in Senator Marsh's district. However, we have Senator Miller's daughter, Liza, in the group and, Liza, would you wave your hand, please, so we can see which one you are. Thank you. Would you folks please stand and be recognized. Thanks to all of you for visiting this morning. We appreciate your coming. Senator Abboud, please.

SENATOR ABBOUD: I call the question.

PRESIDENT: Thank you. You are the last one in the group, but thank you anyway. Senator Warner, are you going to close on this? No closing. The question is the advancement of LB 787. All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 28 ayes, 0 nays, Mr. President, on the advancement of 787.

PRESIDENT: LB 787 advances. Move on to LB 288. Do you have anything to put in at this time, Mr. Clerk?
